

# Learning Intention

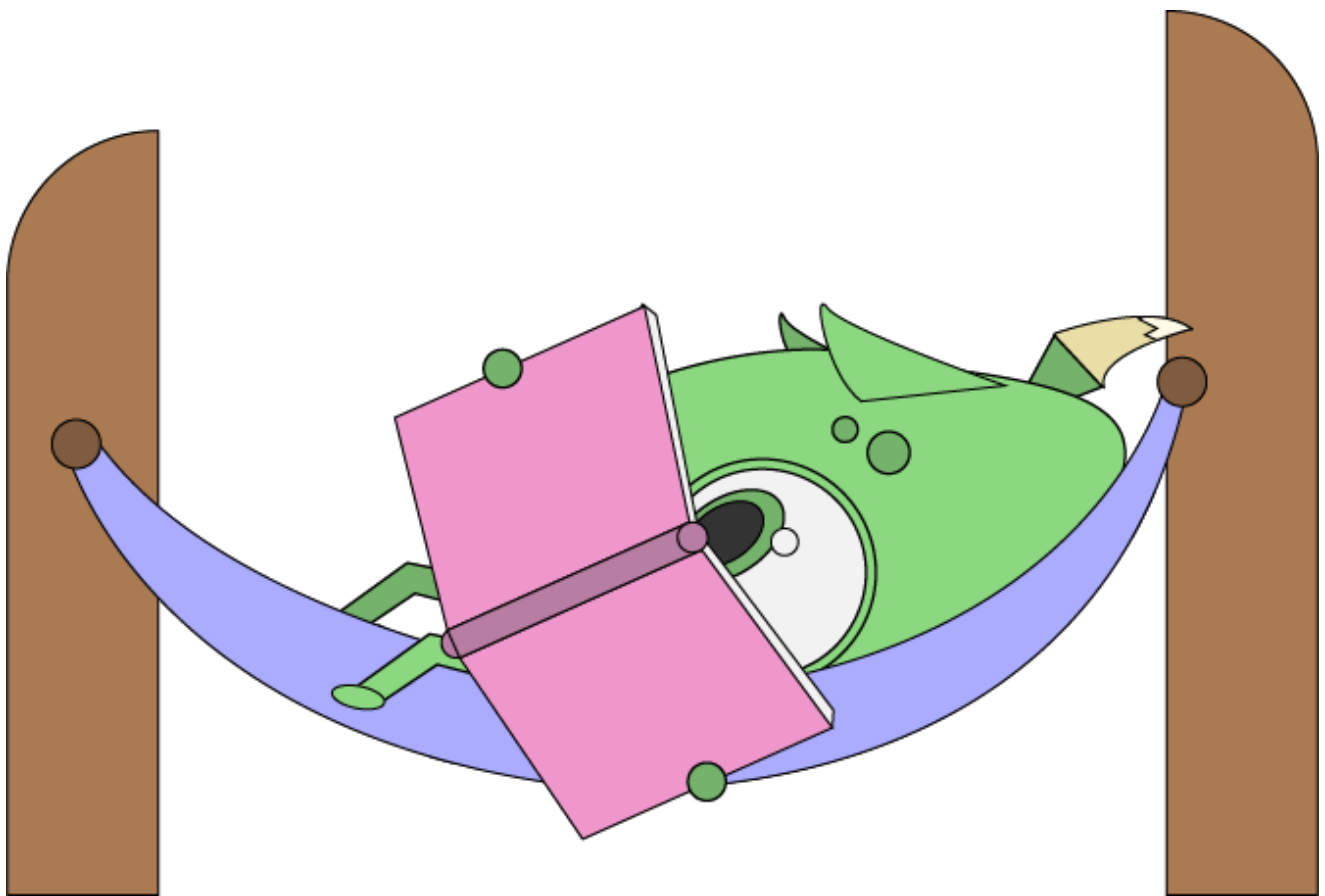

I am learning to put ideas in an order which makes sense.

first

then

next

after that

# Success Criteria

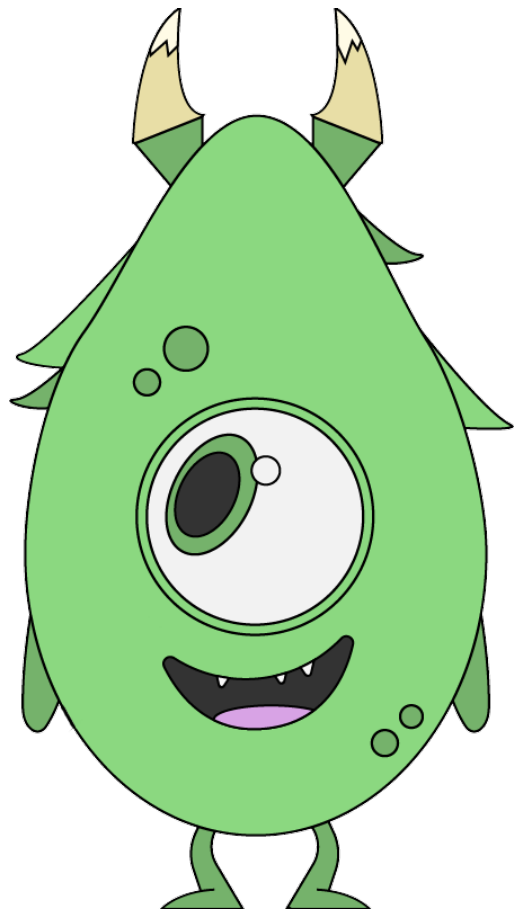

I will talk about what I can see happening in each photo. I will put the photos in an order that make sense.

First

Then

Next

After that

# Sequencing

Sequencing means to put ideas in order. When you sequence a story you put events in the order they happened in the story. When you sequence pictures you put them in the order you think makes sense.

Helpful words:

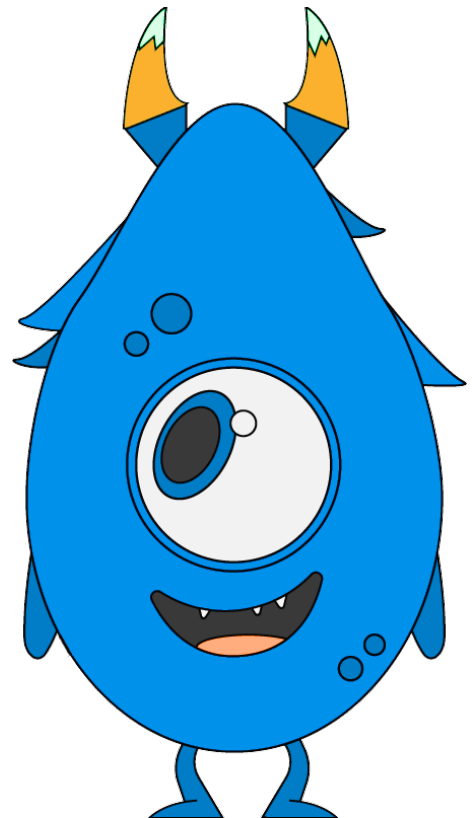

at the start,

in the beginning,

first, next, then,

after that, later,

finally, in the end

# Learning Checklist

Check these off as you go.

Did I:	✓
notice all the parts or details in pictures?	
figure out what was happening in the picture?	
think about an order that makes sense?	
listen to the ideas of others?
