

Learning Intention

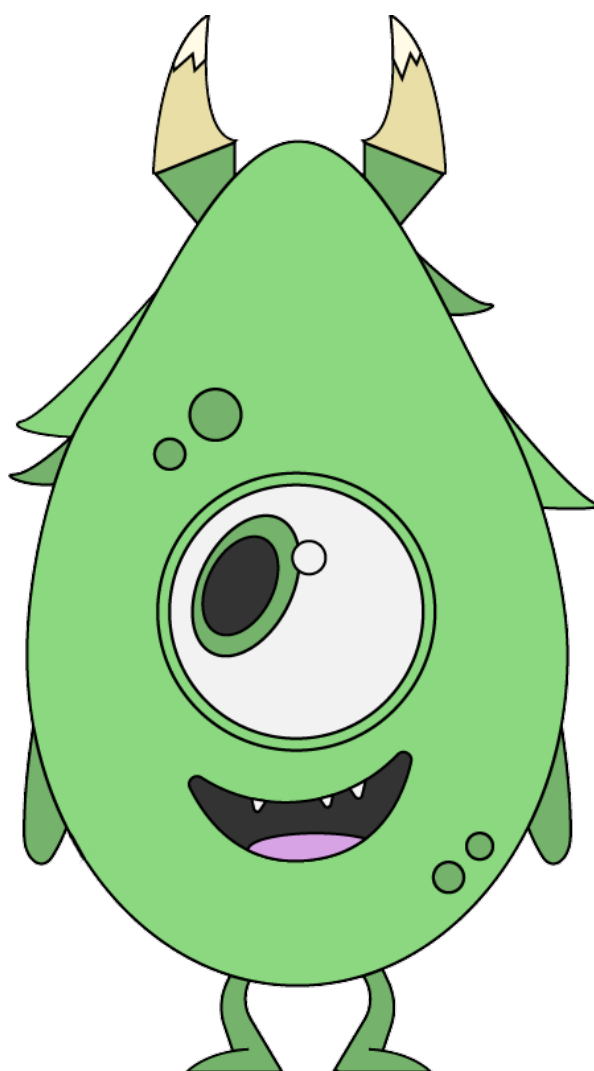

I am learning to tell what happens at the beginning, middle and end of a sequence.

first
next
finally

Success Criteria

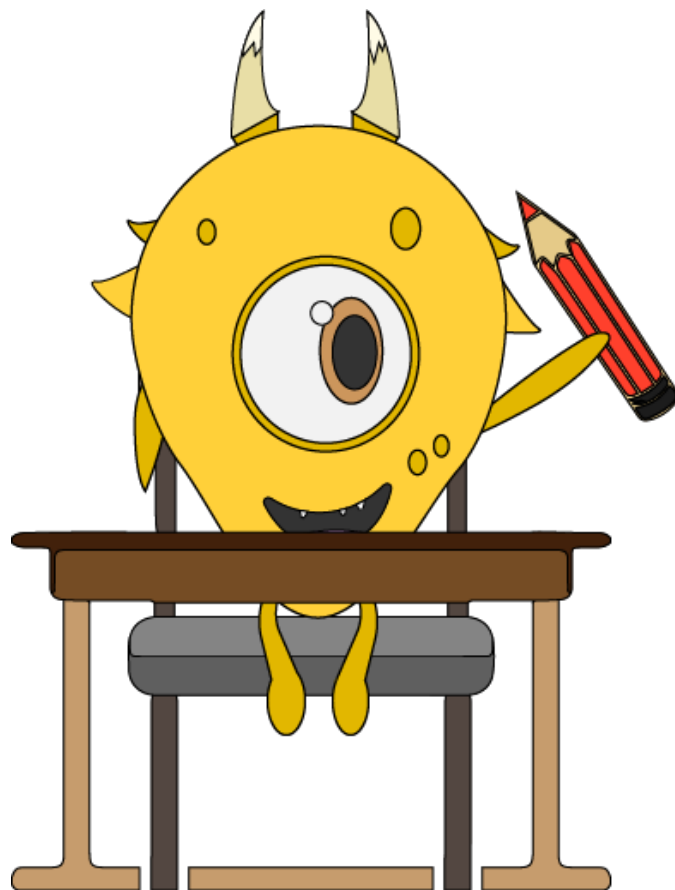

I will talk about who is in the pictures. I will talk about what I think happened at the start, in the middle and at the end.

Sequencing

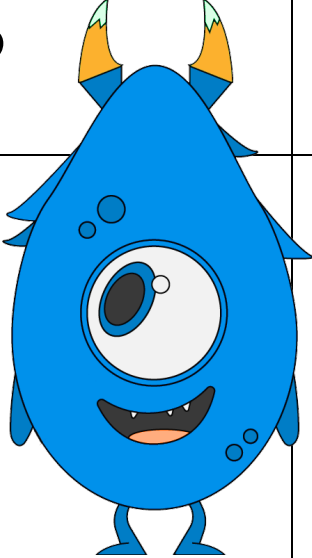

Sequencing means to put ideas in order. When you sequence pictures you need to figure out what is going on.

Then you think, “What happened at the beginning, in the middle and at the end?”

Learning Checklist

Check these off as you go.

Did I:	✓
talk about each photo.	
work out what happened first?	
work out what happened in the middle?	
work out what happened at the end?
