

Learning Intention

I am learning to use a
Three-Button Bracelet
to tell the three parts
of a story.

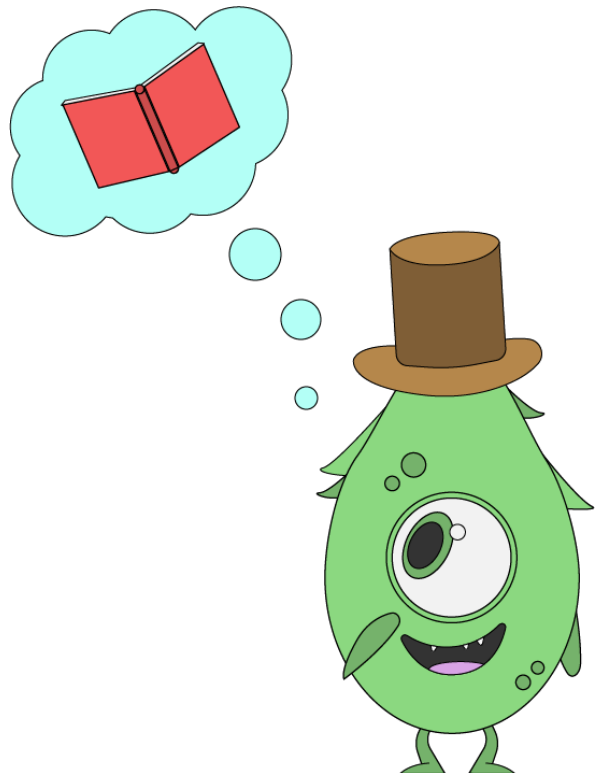

Success Criteria

When I hold the first button, I will say what happens at the start.

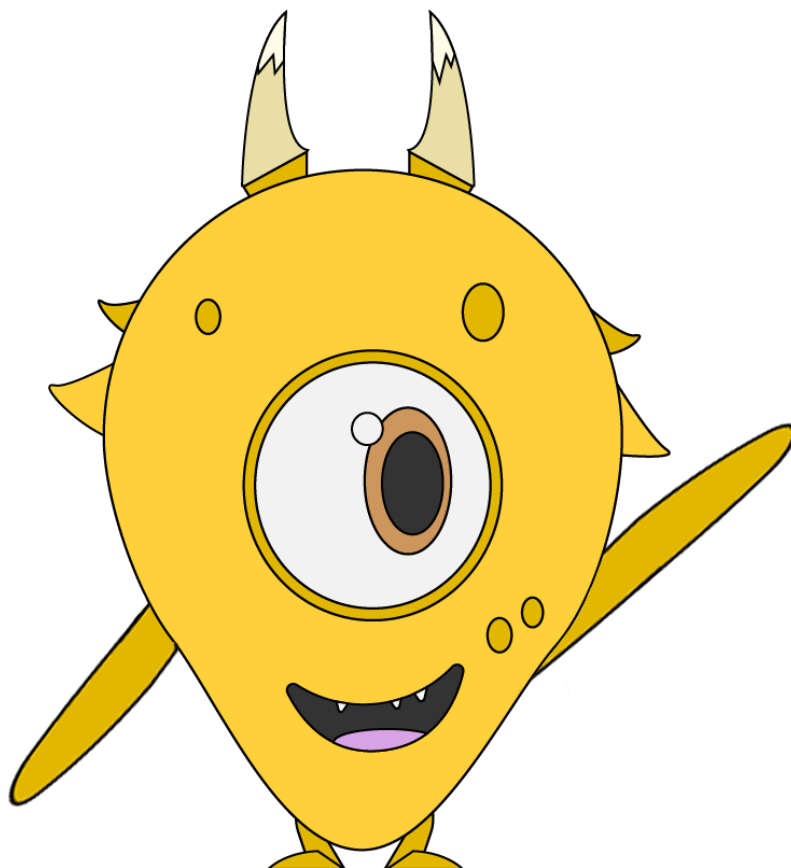

At the next button I will say what happens in the middle. At the

last button I will say how the story ends.

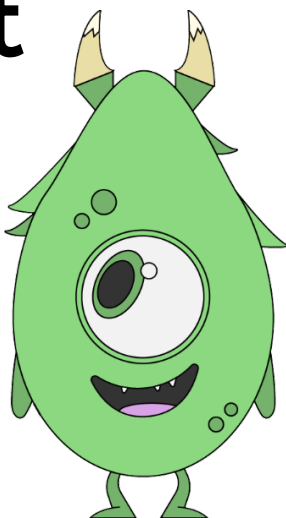

Retell

In a retell the ideas go in the order they happened in a story. You need to think, “What happened at the start, in the middle and at the end?”

Learning Checklist

Check these off as you go.

Did I:	✓
remember what happened first?	
remember what happened in the middle? did I add any interesting details?	
remember how the story ended?
