

Learning Intention

I am learning to retell
five important parts of
a story.

Success Criteria

I will say the important parts of the story by doing a five finger summary.

Retell

In a retell the ideas go in the order they happened in a story. You need to think,

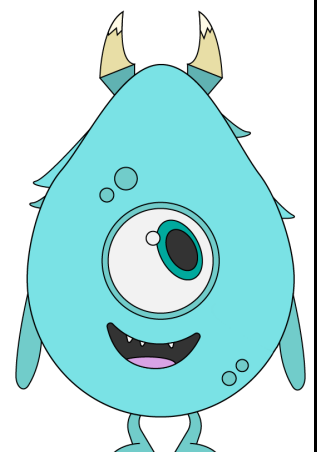

“Who are the stars?

Where or when does the story happen?

What is the problem, or bad thing that happens?

What made the problem happen?

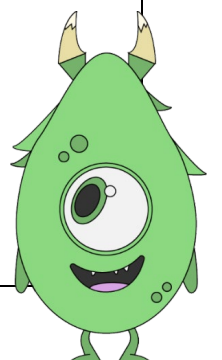

How was the problem worked out?”

Learning Checklist

Check these off as you go.

Did I:	✓
name the stars of the story?	
say where or when the story happened?	
find the problem?	
say what made the problem happen?	
know how the problem was solved?	

Who

Where and when?

What?

Why?

How?

Characters

Solution

Setting: Where & When

Problem
