

# Learning Intention

I am learning about characters and how their mood changes when good and bad things happen.

# Success Criteria

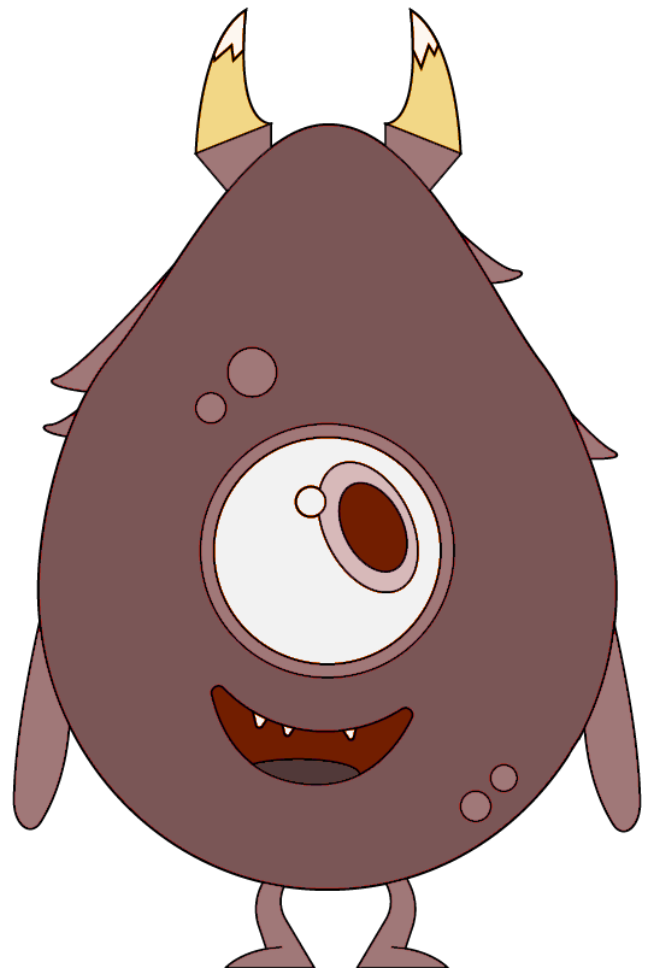

I will find the problem in the story. I will talk about how the character feels when the problem happens. I will think about how I would feel if that happened to me.

# Characters

The characters are the stars of the story. Readers can work out how characters feel by thinking about what is happening in the story and noticing what the character says and does.

Readers should also think about how they would feel if that happened to them.

# Learning Checklist

Check these off as you go.
