

Learning Intention

I am learning how one thing causes another thing to happen.

Success Criteria

I will find parts of the story where one thing causes, or makes another thing happen. I will add ideas to the chart.

Cause and Effect

When one thing causes another thing to happen, it is called Cause and Effect.

The effect is the thing that happens. The cause is what made it happen.

Cause and effect helps us to know two things:

What happened?

Why it happened?

Learning Checklist

Apply your knowledge.
Check these off as you go.

	✓
What causes an ice-cream to melt?	
What causes your hat to blow off?	
What causes you to feel thirsty?
