

Learning Intention

I am learning to tell
the difference between
fiction and nonfiction.

Success Criteria

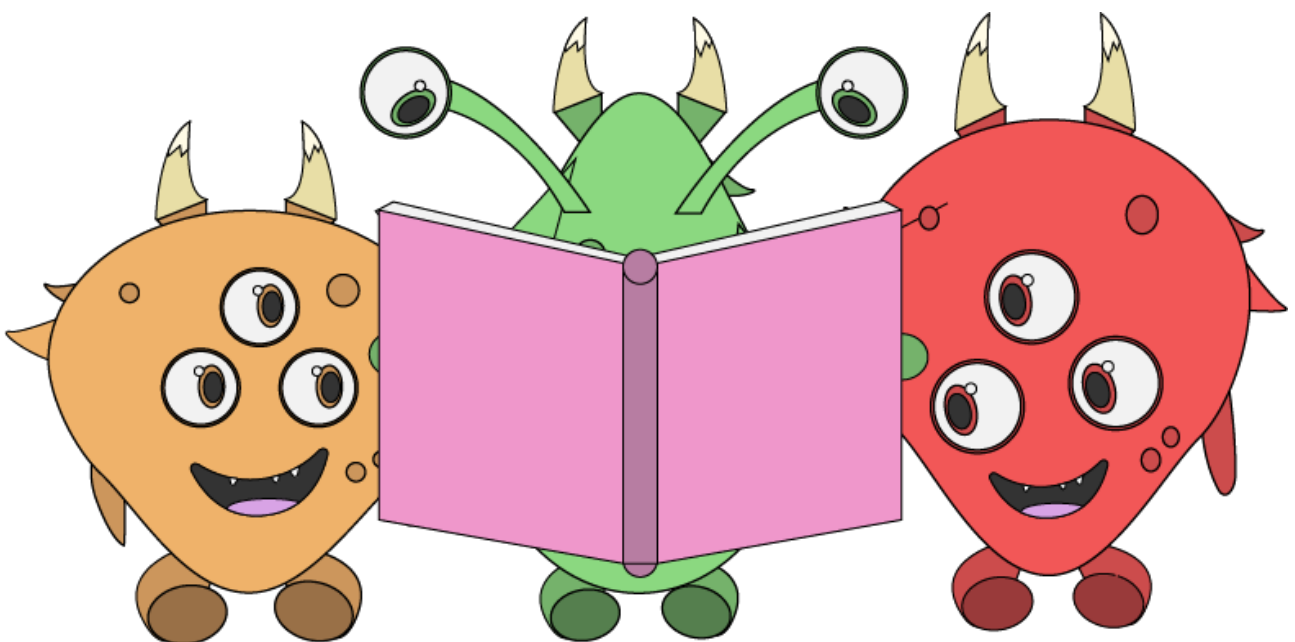

I will look at some books and talk about whether they are fiction or nonfiction. I will use the word 'because' to explain, or say why I think a book is fiction or nonfiction.

Fiction and Nonfiction

Fiction means made up or invented. The ideas are not true, but come from a person's imagination.

Nonfiction means true or factual. The ideas are not made up. The information is correct or accurate.
