

Learning Intention

I am learning about
the picture glossary of
a nonfiction book.

Success Criteria

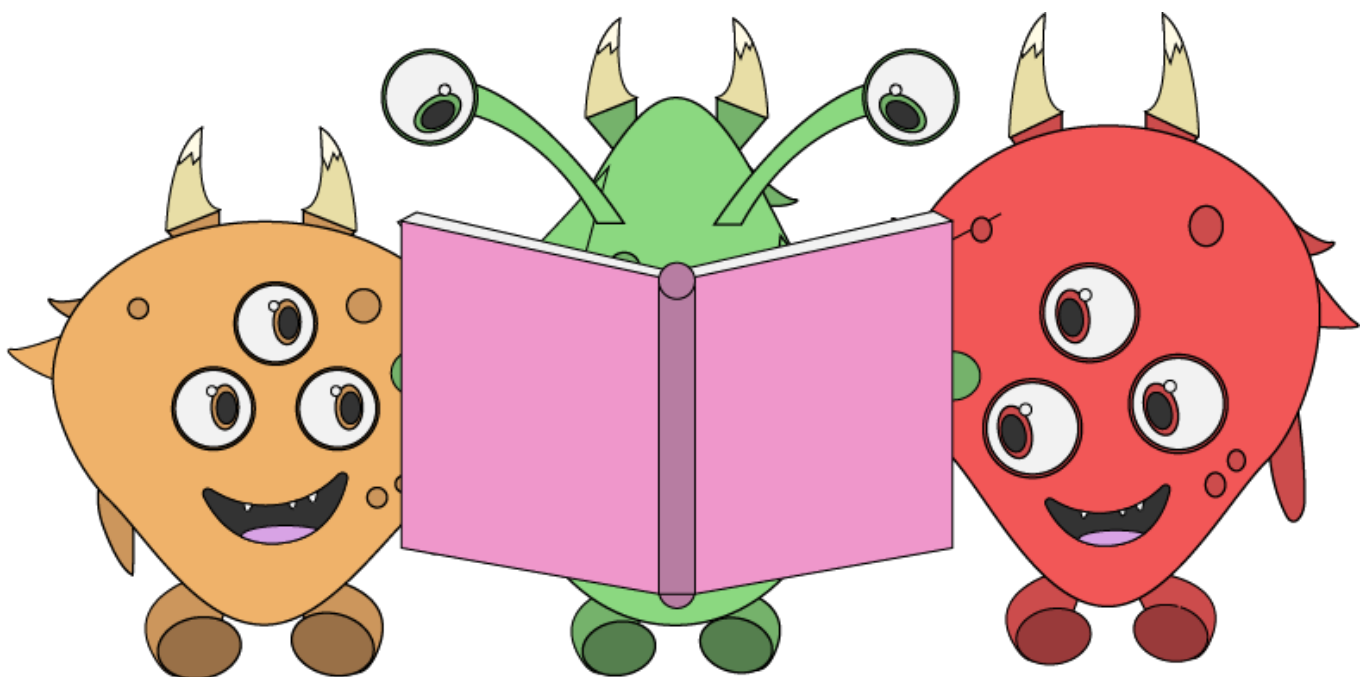

I will look at the picture glossary in a book. I will be able to tell others where it is found, or located, and what job it does. I will use the picture glossary to find words in the book.

Fiction and Nonfiction

Fiction means made up or invented. The ideas are not true, but come from a person's imagination.

Nonfiction means true or factual. The ideas are not made up. The information is correct or accurate.

Picture Glossary

A picture glossary is a special page in a book which shows readers a picture of a word in the book.

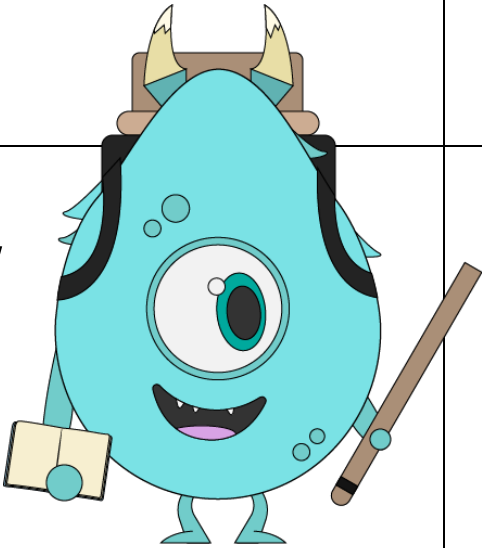

A picture glossary might be right at the start or right at the end of a book.

The quickest way to find it is to close the book and open it up from the front or back cover.
