

Learning Intention

I am learning to
predict or make smart
guesses about what I
am reading.

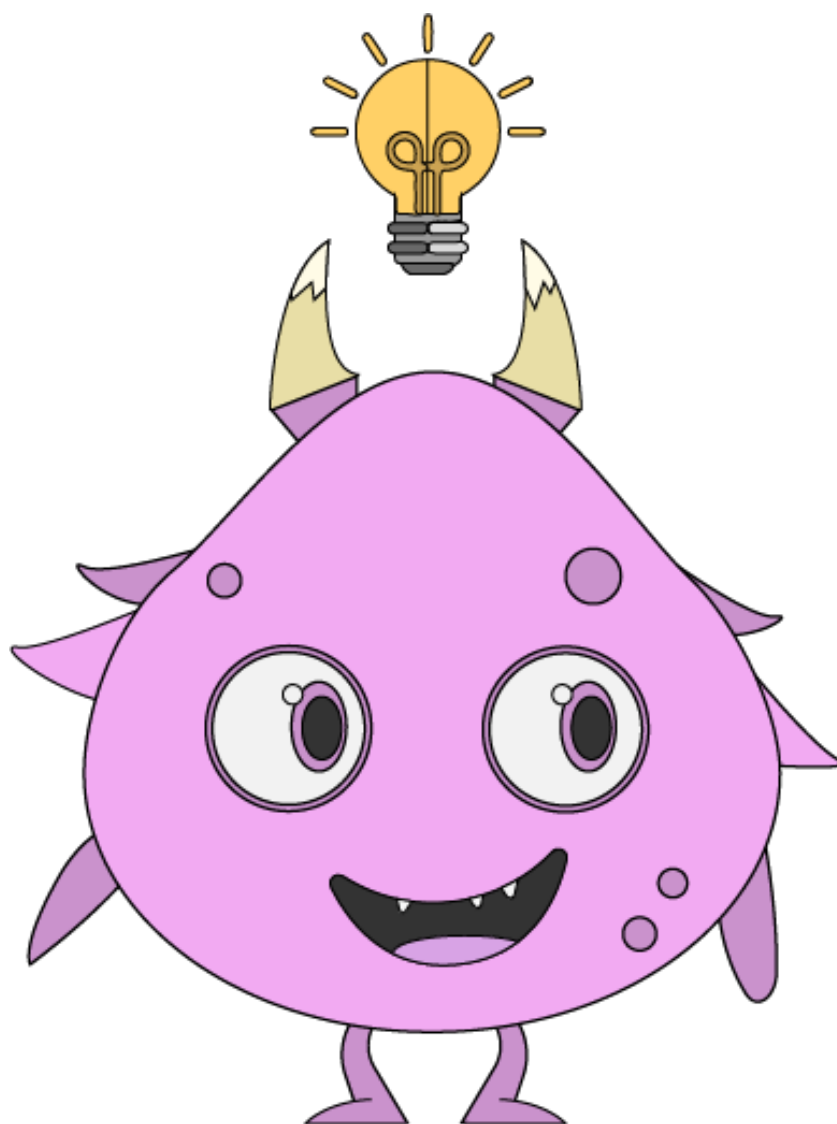

Success Criteria

I will suggest or tell others some words I think might be in a book like this.

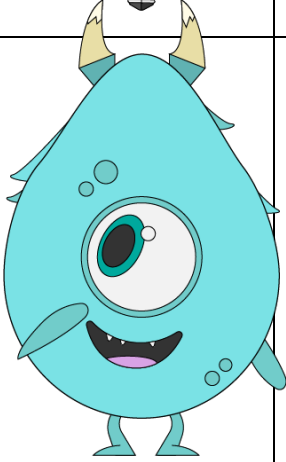

Predicting

When I predict I use the clues in the book to make a smart guess about what is coming up.

Learning Checklist

Check these off as you go.

Did I:	✓
use the words and pictures to help me think of words about the topic? 	
raise my hand to share ideas? 	
listen to others to learn more?
