

Learning Intention

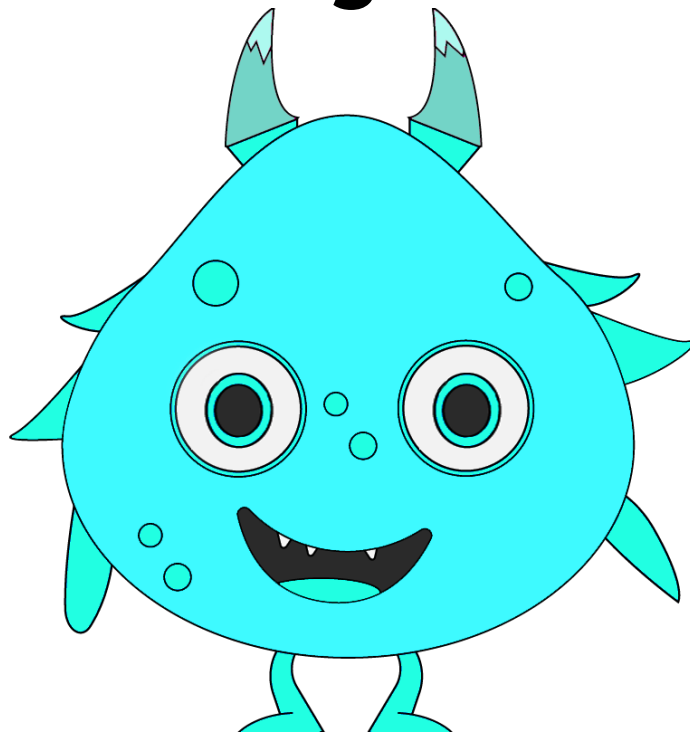

I am learning how to understand a saying. A saying is a group of words which

has a special meaning when used together.

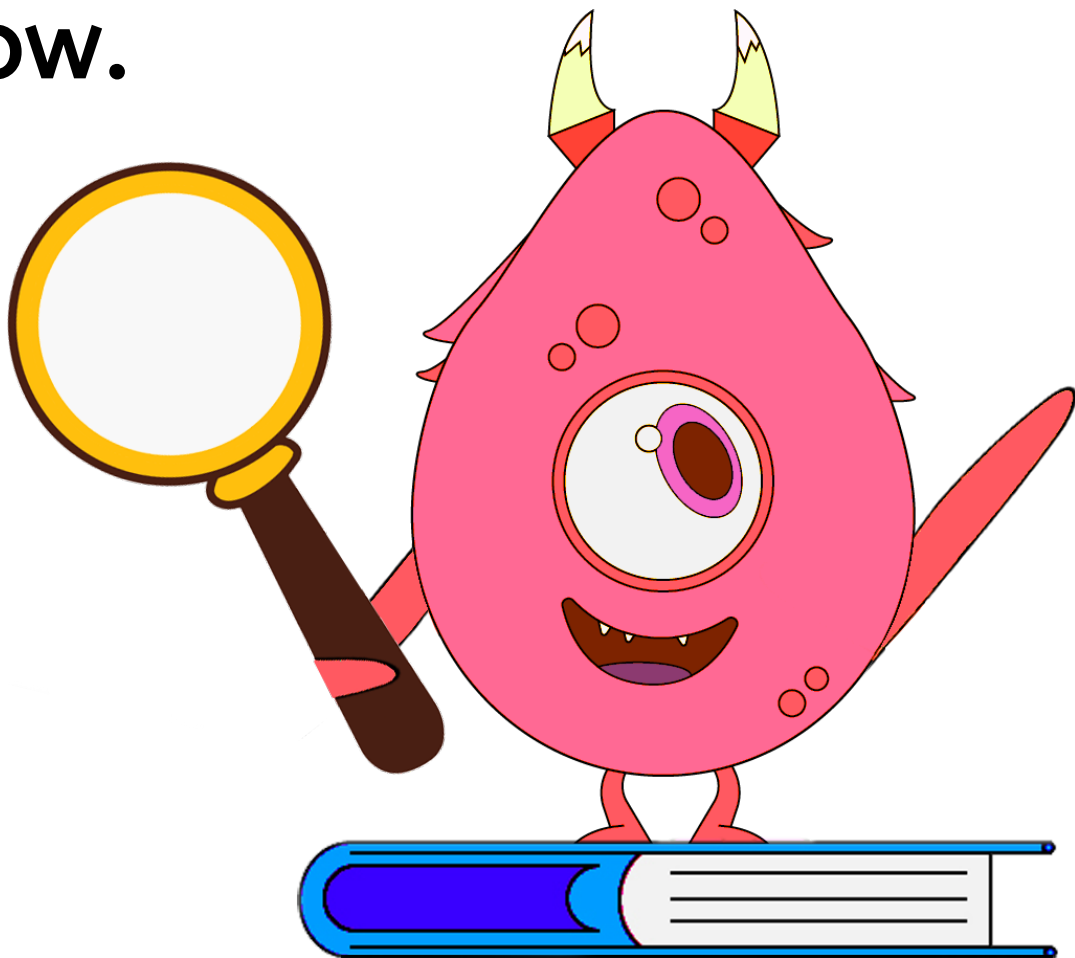

Success Criteria

I will listen for groups of words that sound unusual together and groups of words I have not heard before. I will talk about what is happening in the story and infer what I think the words might mean.

Inferring

Inferring means to figure something out without being told. Great readers infer by looking for clues in the words and pictures and connecting these with what they already know.

Learning Checklist

Check these off as you go.

Choose two sayings from the book and chat about when they apply in real life.

Saying 1:

Saying 2:
