

Learning Intention

I am learning how to understand some common sayings. A saying is a group of words which has a special meaning when used together.

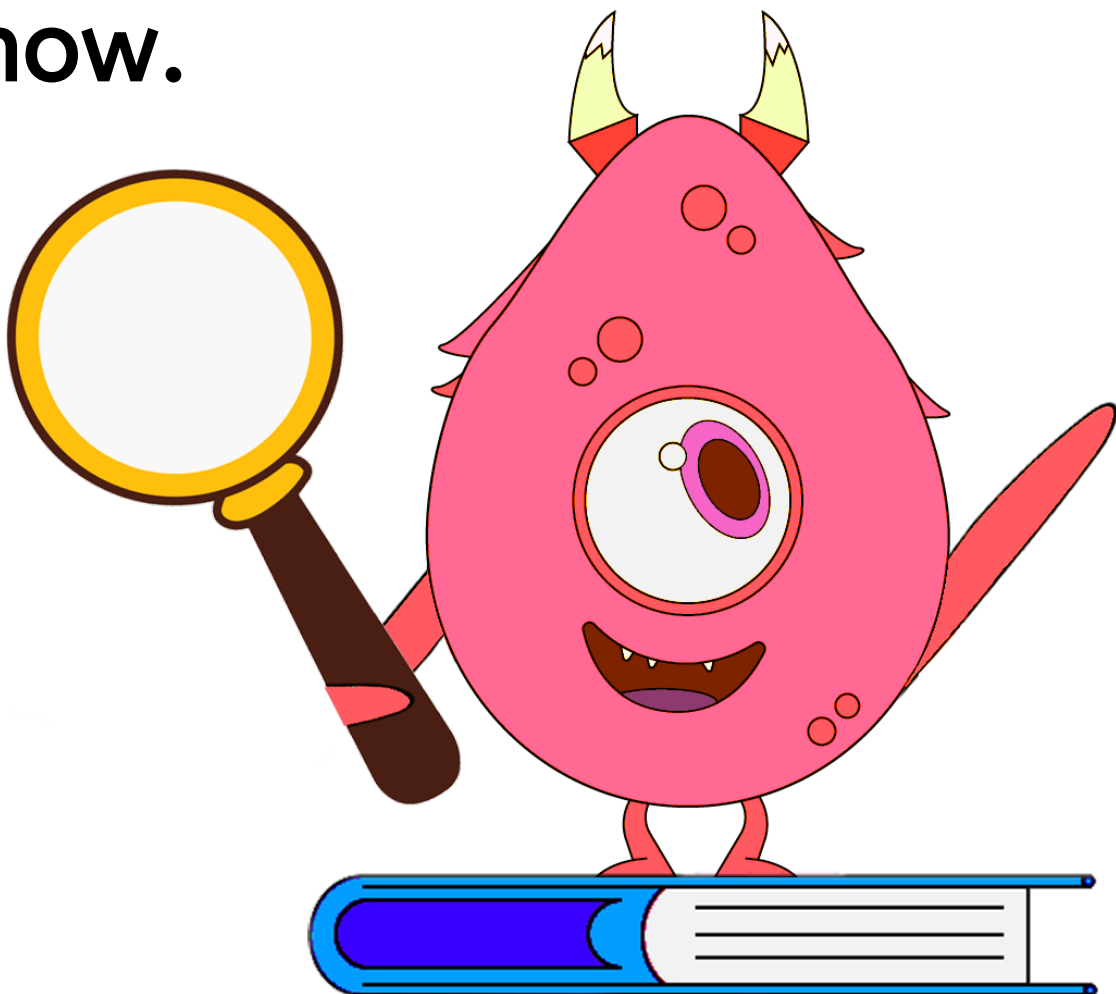

Success Criteria

I will learn some new sayings and use them in sentences to show I understand what they mean.

Inferring

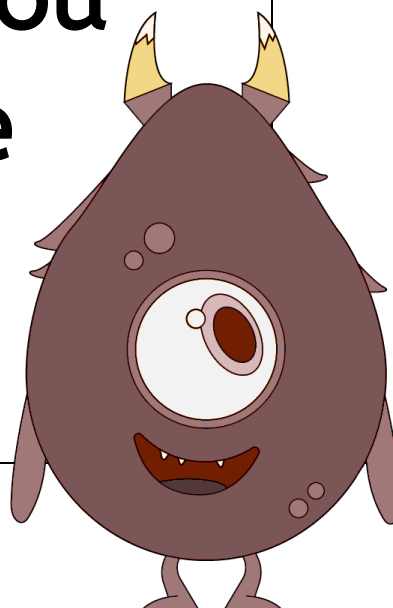

Inferring means to figure something out without being told. Great readers infer by looking for clues in the words and pictures and connecting these with what they already know.

Learning Checklist

Check these off as you go.
