

Learning Intention

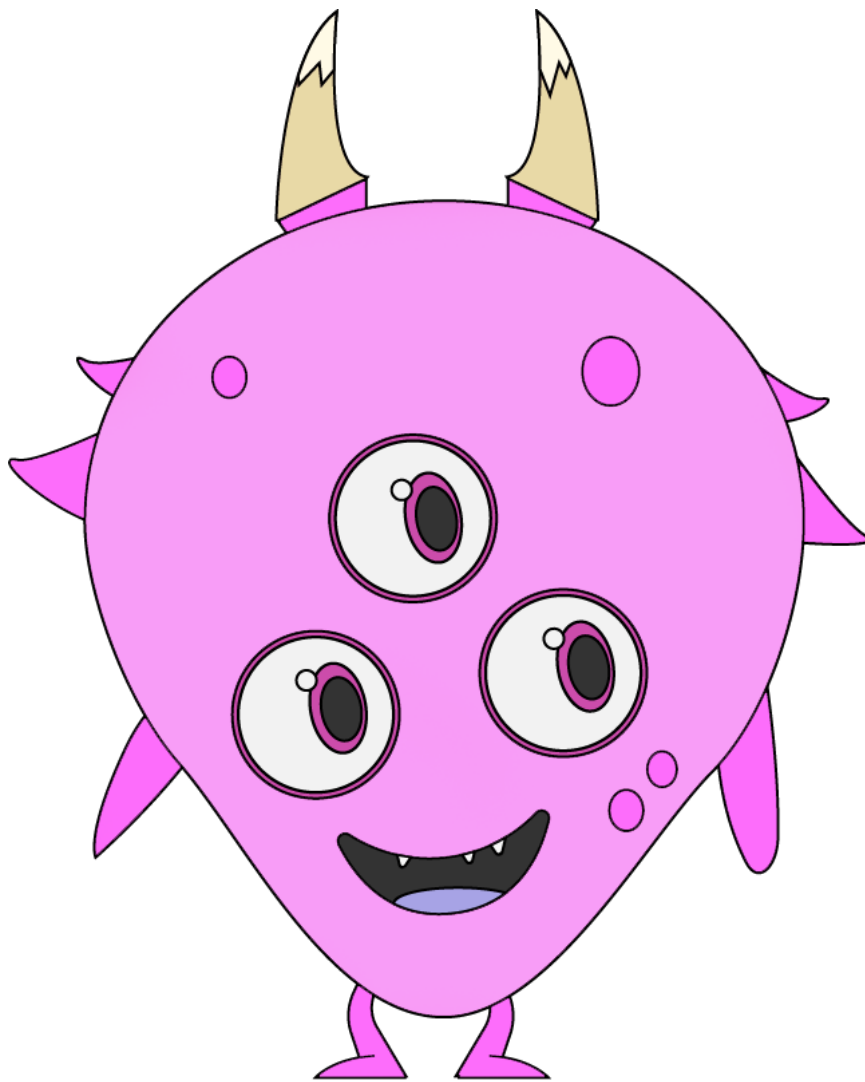

I am learning how to take notes as we read.

This helps me to understand and remember ideas.

Success Criteria

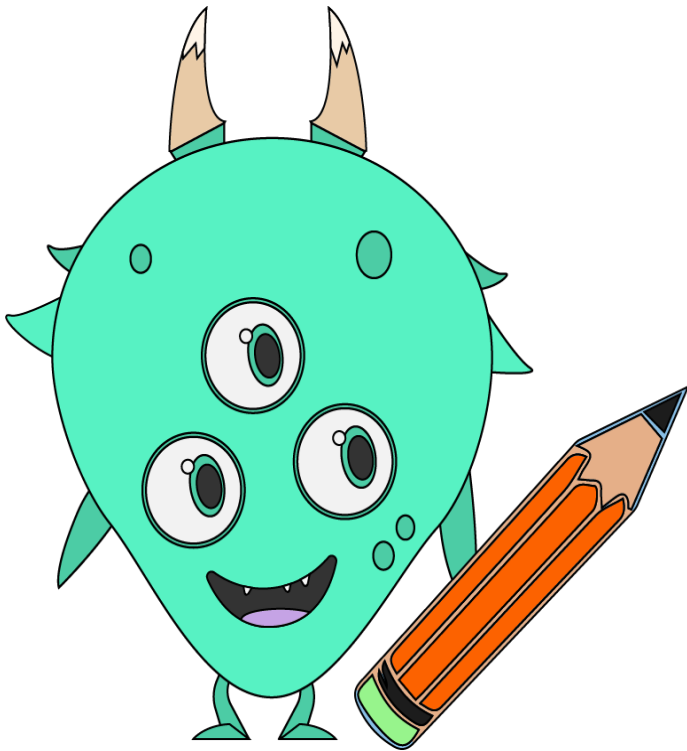

I will listen carefully and tell my teacher which words and pictures to add to our notes.

When we are finished I will read the notes to a friend.

Note Taking

Readers might take notes to help them understand and remember important information.

The notes might show words, pictures, boxes or even special signs, like arrows.

Learning Checklist

Check these off as you go.

Did I:	✓
think of ideas to add to our notes?	
say or read the notes to a friend?	
listen while someone spoke or read the notes to me?
