

Learning Intention

I am learning to
identify or work out
the mood, or way a
text makes me feel.

Success Criteria

I will think about what the photo is about and how it makes me feel. There are lots of moods.

Some are:

excited

warm

scared

cheerful

stressed

sad

grumpy

happy

annoyed

frustrated

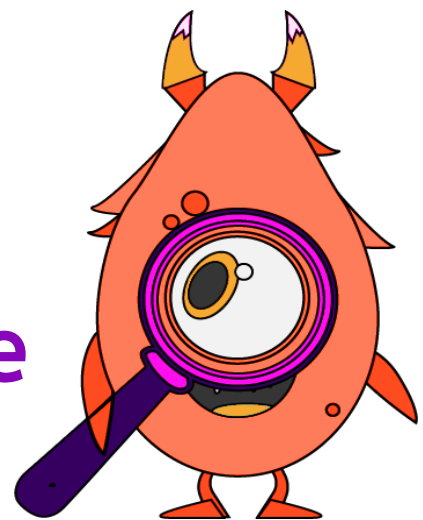

silly

I will discuss my idea and give reasons for my thinking.

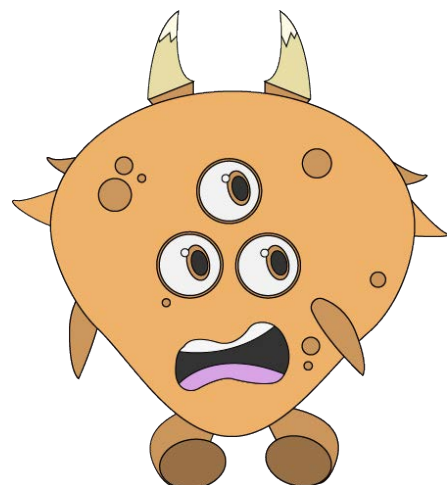

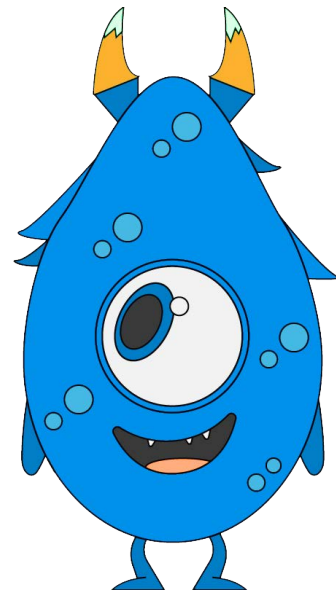

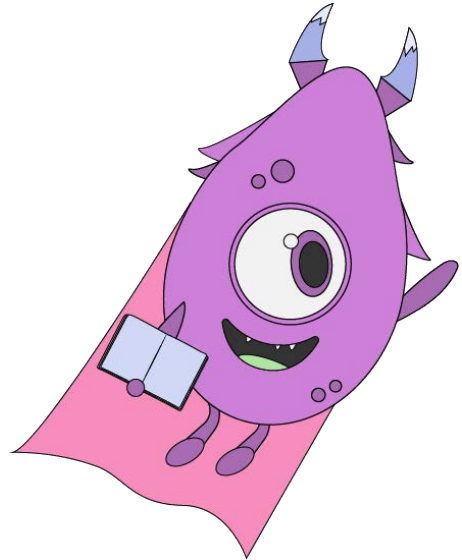

Mood

The mood is the atmosphere, or tone. Authors creates the mood by choosing words or pictures which give us a feeling, like being excited about a ride or creeped out by a dark place. The way something is described creates the mood. Adjectives are important when creating the mood. To work out the mood, ask, “How does this make me feel?”
