

# Learning Intention

I am learning to solve a problem by thinking of solutions with others.

# Success Criteria

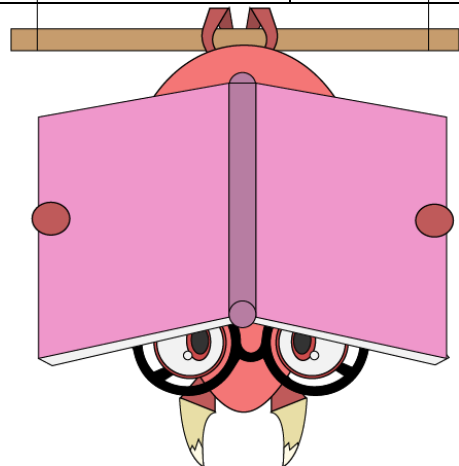

I will examine, or look closely at a text and think of ideas to solve a problem. I will listen to other people's ideas and work in a team.

# Learning Checklist

Check these off as you go.

Did I:	✓
suggest ideas to solve the problem?	
listen to the ideas of others?	
work with others to create a group solution?	

# Can you solve this problem?

You are in the land of the giants. The map to get out is drawn onto the top of the elephants' heads.

How do you get to the map?

# Can you solve this problem?

You've opened your window one morning to find a giraffe looking in. You need to keep him safe until the zookeepers arrive. The giraffe can get over high fences. How do you keep the giraffe there until the zookeepers arrive?
